

THE FIRST DOOR DESIGN SPECIFICALLY MADE FOR COMMERCIAL APPLICATIONS

- The first six-panel door facing created specifically for the commercial market.
- Enhances spaces adding warmth and comfort.
- Perfect for office environments, hotels, and assisted living facilities
- Engineered wood designs outperform wood doors
- Accepts most standard hardware.
- Available in 6'8" and 7'0" passage door sizes with larger openings required for assisted living facilities.

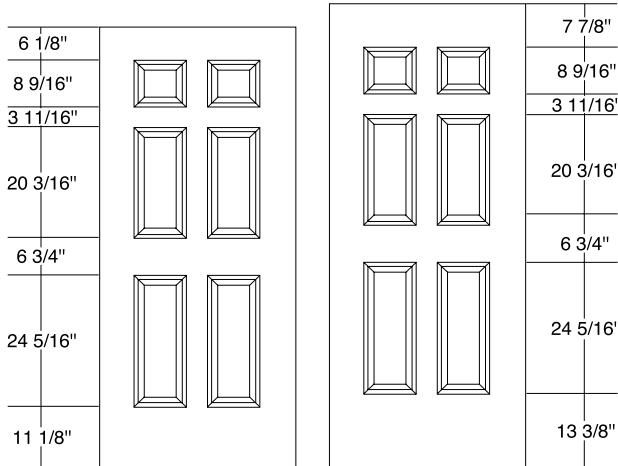

ENGINEERED TO MEET COMMERCIAL NEEDS

- Designed for use with standard hollow metal door frames
- 1-3/4" doors manufactured with Colonist® Commercial Smooth can be manufactured to meet 20- and 60-minute fire ratings as per Warnock Hersey specifications
- Attractive, six-panel profile
- Accepts most commercial hardware
- Primed surface accepts most commercially applied water- and oil-based paints, enamels, and lacquers
- Resists panel cracking, splitting, joint separation and shrinking
- More durable than veneer and easier to repair

CRAFTMASTER COLONIST COMMERCIAL SMOOTH 6'8" and 7'0"

PHYSICAL SPECIFICATIONS

Colonist Commercial Smooth can be specified with standard core types — including particleboard cores, mineral cores and staved core — to meet most code, engineering and physical property requirements.

Doors manufactured with the Colonist Commercial Smooth design can accept most commercial door hardware traditionally used with flush doors, including:

- Closers
- Card locks
- Exit devices
- Kick plates
- Cylindrical and mortise locks
