

MOLDED

WINTHROP

STYLE: MOLDED FLAT PANEL | SMOOTH

Exemplary of modern design taking a familiar form and applying more recent processing and materials, environmental sensitivity and superb performance. The best of old and new. Likewise, this door fits in a wide variety of decor, but is most at home in traditional settings - particularly Craftsman, Mission, Bungalow and Arts & Craft. Pair with wainscoting for an authentic look.

FEATURES

Stepped flat panel profile with beveled sticking – closely resembles a Shaker or square profile.

- Molded fiberboard. Resists shrinking, swelling, cracking, and joint separation.
- Offered in hollow or solid core construction and 1-3/8" and 20-minute rated/ non-rated 1-3/4" thickness.
- Passage and bifold doors offered in 6'8", 7'0" & 8'0" sizes.
- 10" high bottom rail in 7'0" and 8'0" sizes. Meets most disability access requirements. See line drawings for details.
- CARB (California Air Resource Board) and TSCA Title VI compliant door facings with No Added Urea Formaldehyde.
- Custom factory machining and painting available.
- Wide top and bottom rails allow trimming of up to 1" on each end.
- 1-year limited warranty.
