

## BENTON

### STYLE: MOLDED RAISED PANEL | SMOOTH

Linked to the Craftsman movement but with a twist, the Benton 5-panel raised molded profile from Lynden Door employs traditional bead and cove style sticking, which brings a stylish sophistication to any interior space. Benton is also available in 8'0" with a 6-Panel layout, providing a grand 8-foot look on your main floor and a standard height 5-Panel option for second floor openings.

### FEATURES

True raised panels with smooth finish. 5-Panel raised profile is at home in contemporary architecture and time honored spaces.

- Molded fiberboard. Resists shrinking, swelling, cracking, and joint separation.
- Offered in hollow or solid core construction and 1-3/8" and 20-minute rated/non-rated 1-3/4" thickness.
- Passage and bifold doors offered in 6'8" and 8'0" sizes.
- 10" high bottom rail in 7'0" and 8'0" sizes. Meets most disability access requirements. See line drawings for details.
- CARB (California Air Resource Board) and TSCA Title VI compliant door facings with No Added Urea Formaldehyde.
- Custom factory machining and painting available.
- Wide top and bottom rails allow trimming of up to 1" on each end.
- 1-year limited warranty.
