

COLUMBIA

STYLE: MOLDED RAISED PANEL | SMOOTH

What may be the closest thing to a "can't go wrong" decor, this is a standard in North America. Complements without overpowering. Consider painting in a muted contrast color to add some personality. Side note: This pattern is referred to in many regions as a "Cross & Bible" motif; named for the Christian cross (upper) and open bible (lower) suggested visually by the placement of the panels.

FEATURES

Enjoy the traditional look of the genuine, authentic Columbia. Precision craftsmanship, backed by a quarter century of market leadership, distinguishes Columbia from imitations. Smooth finish.

- Molded fiberboard. Resists shrinking, swelling, cracking, and joint separation.
- Offered in hollow or solid core construction and 1-3/8" and 20-minute rated/non-rated 1-3/4" thickness.
- Passage and bifold doors offered in 6'8", 7'0" and 8'0" sizes.
- 10" high bottom rail in 7'0" and 8'0" sizes. Meets most disability access requirements. See line drawings for details.
- CARB (California Air Resource Board) and TSCA Title VI compliant door facings with No Added Urea Formaldehyde.
- Custom factory machining and painting available.
- Wide top and bottom rails allow trimming of up to 1" on each end.
- 1-year limited warranty.
